

A space for innovation,  
design, research and  
manufacturing

**Cotio**  
INNOVATION LAUNCHPAD

Welcome to Cotie – the Centre of Technology and Innovation Excellence – here to provide North Devon businesses with the tools to create their own future.

Developed by Petroc, and part-funded by the European Regional Development Fund (ERDF), Cotie's mission is to provide SMEs, start-ups, and micro-businesses with access to a wide range of advanced technology-based facilities, all designed to nurture business growth and develop product ideas and concepts.

Our innovation centre is built to inspire collaboration and creativity, and contains everything from:

- an expertly-equipped development zone with 3D manufacturing technology
- a relaxed yet professional conferencing area
- open-plan hot desks area complete with high spec and fully loaded PCs and Macs
- a state-of-the-art cleanroom
- two crisply modern design pods.

Cotie has been created to be North Devon's very own Innovation Launchpad for small and medium-sized enterprises, and that's why a bright new future for your business could be only a booking away.

Book online at [www.cotie.co.uk](http://www.cotie.co.uk)

"Creativity is  
thinking up new  
things. Innovation is  
doing new things."

Theodore Levitt  
(1925 – 2006)

We're here to help.

As an SME, start-up, or micro-business, you may have the knowledge, expertise, and inspiration to be a success in your chosen sector, but all too often companies are held back by their lack of facilities and access to technology.

It doesn't matter where you are on your journey; whether you have an original idea that deserves to be explored, or are nearing development and require proof of concept, we are here to provide you with the tools, tech and facilities to turn great ideas into successful products.

All of Cotie's facilities are available to book online or over the phone, at affordable rates that should fall within even the strictest of budgets, so you need only pay for what you need, when you need it.

This space is for the innovators, the dreamers,  
the pioneers, the explorers, the people who  
dare to say 'what if'. Those who have a clear  
view of where they are going and how to get  
there. Those who dream big and aren't afraid  
to keep on trying until they succeed.  
For these people are tomorrow's future  
and will shape our lives.
